

To Whom It May Concern:

The Jefferson City Public Library is appealing to the FCC requesting permission to file an extension for fiscal year 2014, to Charter Communications. This appeal is based on the fact that the paperwork was completed within the deadline and the deadline requirements.

Please refer to the timestamp on the first attachment named Erate486DocSupport. It was at this time, I learned that I would have to paper certify, due to an issue with my request for an electronic pin. The last sheet of the Erate486DocSupport has the details of my case regarding how to proceed. After that call, I ran to the post office and mailed the documentation to: SLD Form 488, PO Box 7026, Lawrence, KS 66044-7026. The package was mailed and would be postmarked 10/28/2014.

Thank you for your consideration.

Anjanae Brueland
